

# The Blue School Careers Programme

## 2018/19

The Government's careers strategy, published on 4 December 2017, sets out a long term plan to build a world class careers system that will help young people and adults choose the career that is right for them. This statutory guidance has been updated to expand on the aims set out in the strategy to make sure that all young people in secondary school get a programme of advice and guidance that is stable, structured and delivered by individuals with the right skills and experience.

To achieve this aim, the careers strategy sets out that every school and academy providing secondary education should use the Gatsby Charitable Foundation's Benchmarks to develop and improve their careers provision. The Gatsby Benchmarks are not a statutory framework but by adopting them, schools can be confident that they are fulfilling their legal duties: the existing duty to secure independent careers guidance and the new duty to provide opportunities to a range of providers of technical education and apprenticeships to access pupils to inform them about technical education qualifications or apprenticeships.

### The Gatsby Benchmarks

1. **A stable careers programme.** Every school and college should have an embedded programme of career education and guidance that is known and understood by students, parents, teachers, governors and employers.
2. **Learning from career and labour market information.** Every student, and their parents, should have access to good quality information about future study options and labour market opportunities. They will need the support of an informed adviser to make best use of available information.
3. **Addressing the needs of each student.** Students have different career guidance needs at different stages. Opportunities for advice and support need to be tailored to the needs of each student. A school's careers programme should embed equality and diversity considerations throughout.
4. **Linking curriculum learning to careers.** All teachers should link curriculum learning with careers. STEM subject teachers should highlight the relevance of STEM subjects for a wide range of future career paths.
5. **Encounters with employers and employees.** Every student should have multiple opportunities to learn from employers about work, employment and the skills that are valued in the workplace. This can be through a range of enrichment activities including visiting speakers, mentoring and enterprise schemes.
6. **Experiences of workplaces.** Every student should have first-hand experiences of the workplace through work visits, work shadowing and/or work experience to help their exploration of career opportunities, and expand their networks.
7. **Encounters with further and higher education.** All students should understand the full range of learning opportunities that are available to them. This includes both academic and vocational routes and learning in schools, colleges, universities and in the workplace.
8. **Personal guidance.** Every student should have opportunities for guidance interviews with a career adviser, who could be internal (a member of school staff) or external, provided they are trained to an appropriate level. These should be available whenever significant study or career choices are being made.

Key roles in ensuring that this provision is in place have to be assigned and below are the key members of staff working for and with The Blue School

The Blue School is committed to providing a first class careers education which inspires our learners to think creatively about their futures and be aware of and understand the pathways and opportunities available to them. Below are the names of the team who will be working together to provide and develop our Careers Programme

Role	Responsibilities	Member of Staff
Careers Leader	Leading a school's careers provision.	Bridget Cox
Careers Coordinator	Coordinating a school's careers provision.	Sarah Barnes
Careers Adviser	Providing information, advice and guidance to pupils one-to-one and in groups.	Jane McKinley Rob Brown
Enterprise Adviser	A volunteer from business who will work with the Careers Leader and the senior leadership team to drive improvements in the school's careers provision.	Tbc by Heart of the South West Local Enterprise Partnership
Enterprise Coordinator	Providing schools with a local source of expertise and support for their careers provision.	Tbc by Heart of the South West Local Enterprise Partnership
