

8th February 2019

Dear Parent/Carer

Y9 Science Tests

Y9 Science Tests will be held during the week commencing 25th February. They will take place in Science lessons and will be 30 minutes long. Students will need to ensure that they have a calculator, pen, ruler and pencil.

The results from the test will be used, along with feedback from your child's teachers, to inform the decisions that are made about Triple and Trilogy Science in Y10.

Biology test Kerboodle Unit B1 and B2

- Cell structures and differences
- Simple organisation magnification
- Transport in plants
- Active transport
- Osmosis and diffusion
- Mitosis and stem cells

Chemistry Test Kerboodle Unit C1 and C2

- Atoms Elements and Compounds
- Separating Mixtures
- History of the atom and atomic structure
- The history of the Periodic Table and Group 1

Physics Test Kerboodle Unit P1, P2 and P8

- Vectors and Scalars
- Energy transfer by conduction
- Resultant Forces
- Energy Transfers
- Energy and Efficiency

To revise students can use the following:

Kerboodle – institution code fh4

Google classroom – CODE bqzgd

SENECA

Yours sincerely

Mrs J Busch
Team Leader of Science
